Grading Policy: The final grade in this course will be determined as follows:

Homework	8%
Attendance/Participation	2%
Quizzes	10%
Midterm Exam I	20%
Midterm Exam II	25%
Final Exam	35%

Your final letter grade will be based on the following tentative curve.

A	88 - 100	C	56 - 65
B+	81 - 87	D	46 - 55
B	71 - 80	F	0 - 45
C+	66 - 70		

Attendance Policy: Attendance at all classes will be recorded and is **mandatory**. Please make sure you read and fully understand the [Math Department's Attendance Policy](#). This policy will be strictly enforced.

Readings: You will be expected to read the textbook. For maximum benefit, you should do this before I give the lecture or immediately after. Readings are from Boas.

Homework: Homework will be assigned in each class and due 30 minutes before the following class. Submissions will be through Canvas. Additionally, there will be recommended problems that are not submitted.

Exams: There will be two midterm exams held in class during the semester and one comprehensive final exam.

Midterm Exam 1	February 15, 2023
Midterm Exam 2	April 5, 2023
Final Exam Period	May 5 - May 11, 2023

The final exam will test your knowledge of all the course material taught in the entire course. Make sure you read and fully understand the **Math Department's Examination Policy**. This policy will be strictly enforced.

Makeup Exam Policy: There will be **NO MAKE-UP QUIZZES OR EXAMS** during the semester. In the event an exam is not taken under rare circumstances where the student has a legitimate reason for missing the exam, the student should contact the Dean of Students office and present written verifiable proof of the reason for missing the exam, e.g., a doctor's note, police report, court notice, etc. clearly stating the date AND time of the mitigating problem. The student must also notify the Math Department Office/Instructor that the exam will be missed.

Cellular Phones: All cellular phones and other electronic devices must be switched off during all class times.
