It is expected that the students will partake in the discussion through chat, microphone or by sharing screen.

Attendance Policy: Attendance at all classes will be recorded and is **MANDATORY**. Please make sure you read and fully understand the Math Department's Attendance Policy. This policy will be strictly enforced. Students are expected to attend class. Each class is a learning experience that cannot be replicated through simply "getting the notes." To pass this class with a C or better your overall average must be at least 65% AND you need to earn at least 60% on one of the exams.

Homework Policy: Homework is an expectation of the course. All homework for the summer session is listed, by section, below. On line homework will be in My Math Lab sections listed will be in conjunction with your text.

Exams: All assessments will be monitored through the lockdown browser and Respondus monitor. Additional steps will be taken to upload work for partial credit. There would be a quiz every meeting and will be given at the beginning of each class. There would 2 midterm exams and a final exam throughout the course and will be given at the following dates:

Common Exam I	July 15, 2020
Common Exam II	July 29, 2020
