

THE COLLEGE OF SCIENCE
AND LIBERAL ARTS

THE DEPARTMENT OF MATHEMATICAL SCIENCES

MATH 110: University Mathematics B II - Trigonometry

Summer 2020 Course Syllabus

NJIT Academic Integrity Code: All Students should be aware that the Department of Mathematical Sciences takes the University Code on Academic Integrity at NJIT very seriously and enforces it strictly. This means that there must not be any forms of plagiarism, i.e., copying of homework, class projects, or lab assignments, or any form of cheating in quizzes and exams. Under the University Code on Academic Integrity, students are obligated to report any such activities to the Instructor.

COURSE INFORMATION

Course Description: Intended for students whose major requires Math 111. Trigonometric functions, identities, laws of sines and cosines, logarithmic equations, systems of nonlinear equations, polar coordinates.

Number of Credits: 4

Prerequisites: Math 108 or placement by performance on standardized entrance examinations.

Course-Section and Instructors

Course-Section	Instructor
Math 110-450	Professor E. Dupay

Office Hours for All Math Instructors: [Summer 2020 Office Hours and Emails](#)

Required Textbook:

Title	<i>Precalculus: A Right Triangle Approach</i>
Author	Ratti and McWaters
Edition	4th
Publisher	Pearson
ISBN #	978-0134851013
Notes	w/ MyMathLab
Required Textbook # 2	Precalculus, by Abramson: https://openstax.org/details/books/prec calculus

Withdrawal Date: Please see the [Summer 2020 Academic Calendar](#) for the last day to withdraw based on the summer session you are registered for.

POLICIES

DMS Course Policies: All DMS students must familiarize themselves with, and adhere to, the **Department of Mathematical Sciences Course Policies**, in addition to official **university-wide policies**. DMS takes these policies very seriously and enforces them strictly.

Grading Policy: The final grade in this course will be determined as follows:

Common Midterm Exam I	20%
Common Midterm Exam II	20%
Quizzes	15%
All Homework and Other Required Course Work	15%
Final Exam	30%

Your final letter grade will be based on the following tentative curve.

A	90 - 100	C	70 - 74
B+	85 - 89	D	60 - 69
B	80 - 84	F	0 - 59
C+	75 - 79		

Attendance Policy: Attendance at all classes will be recorded and is **mandatory**. Please make sure you read and fully understand the **Math Department's Attendance Policy**. This policy will be strictly enforced.

Homework Policy: Homework is an expectation of the course, and late assignments will not be accepted. All homework for the summer session is listed, by section, below.

- On line homework will be in My Math Lab sections listed will be in conjunction with your text.
- All Written homework will be uploaded in Canvas as a pdf.

Quiz Policy: Quizzes will be given approximately once a week throughout the semester. They will be based on the lecture, homework and the in-class discussions. There will be 8-12 assessments given throughout the semester. Most quizzes will require RespondUs Lockdown Browser with a pdf file Upload after the quiz is completed.

Exams: There will be TWO common midterm exams held during the semester and one comprehensive common final exam. The exams will require RespondUs Lockdown Browser with a pdf file Upload after the exam is completed. Exams are held on the following days:

Common Midterm Exam I	June 10, 2020
Common Midterm Exam II	July 15, 2020
Final Exam	August 3, 2020

Makeup Exam Policy: To properly report your absence from a midterm or final exam, please review and follow the required steps under the DMS Examination Policy found here:

- http://math.njit.edu/students/policies_exam.php

Cellular Phones: All cellular phones and other electronic devices must be switched off during all class times.

ONLINE REQUIREMENTS:

- **Course Lecture, Recitation, and Office Hours** - The greatest effort to maintain the benefits of Face-to-Face instruction and interaction will be completed through the use of Regular lecture periods, recitation and office hours through the use of WebEx and other conferencing and communication tools. All of these tools require the

use of a web camera, microphone and high-speed internet in order to fully engage with the class. Active participation and interaction are expected.

- **Recitation** - Recitation will be conducted during Wednesday classes; students are expected to attend recitation session and will be required to submit work at the end of the session to ensure full recitation attendance.
- **Hand In Homework and Exercises** - All written work will be submitted through Canvas (via file upload) under the appropriate assignment heading. All submitted documents must be in PDF format, or in the OneNote Class Notebook as indicated per assignment. All pdf submissions must be labeled as **LASTNAME_FIRSTNAME_Assignment.pdf**.
- **Quizzes** will mostly take place on Canvas with the use of the **Lockdown Browser and Respondus**. These measures ensure that testing integrity is maintained, and work can be accurately graded. It is recommended that you download Lockdown Browser and Respondus at the beginning of the course. Additional steps may need to be taken to allow for supporting work to be submitted.
- **Common Exams** - Common exams will be administered with the use of the **Lockdown Browser and Respondus**. Additional steps may need to be taken to allow for supporting work to be submitted.
- **Tools for Uploading Files:**

NJIT Recommendations for Scanning your work into a PDF.

[Scanning with the IOS Notes App](#)

[Scanning with Google Drive App for Android](#)

- **Requirements for Quiz and Test Taking:**
 - You must have a Webcam for quiz and test taking.
 - Desk must clear of ALL textbooks, notebooks, calculators etc.
 - You must show your blank sheets of paper (both sides) to the camera during the environment check.
 - You must show you turning your phone and placing far away from your desk during the environment check.
 - You must show your handwritten work to the camera before exiting Respondus/Lockdown Browser.
 - Once you uploaded your work in Canvas, you must check that the assignment is there. You should also check that you uploaded the proper assignment. Emailed or late submissions will not be accepted.
