

**Spring 2020 Syllabus Addendum  
Transitioning to Online Instruction**

***Math 442-002***

**Course Title:** Actuarial Mathematics 2

**Instructor:** Professor. K. Rappaport

**Date:** March 17, 2020

Due to the need to conduct the classes online the following changes have been made to the class. Live lectures will be conducted using Webex at the scheduled class time. I will stay online for .5 hour after each session for office hours and questions. Homework will be assigned using Canvas. All work should be submitted in pdf files or google sheets as needed. The project solutions be sent as email attachments. I will accept scanned or picture files of the projects if they are readable. All grades for the online work will be posted in canvas. I will post the last quiz/HW grades there. If there are any questions please email me.

The following is the adjusted weighting for grades.

Quizzes 20%

Midterm exam 30%

Canvas assignments 10%

Four assigned projects (Life table, Multi state, Multi Life, Pension) – 40%
